

Bespoke Training

Get the training you need

Have you thought about having courses that are specifically designed to meet your company's needs? Aarologix Learning & Development Centre offers bespoke training to Business organisations at highly competitive rates.

We offer a wide range of short or open courses tailored to your identified needs. As an accredited learning centre, the courses we deliver can either lead to nationally recognised certification or simply targeted at in-house recognition based on your preference. We also provide a needs analysis facility that can help your organisation identify areas of continuous professional development among your staff.

Why choose a bespoke course?

Convenience of Location – Training can be at your choice of location or at our centre

Cost effective - Save up to 50% from our open course rates. Sliding scales rate also applies* to suit your budget

Bespoke Training - Course length, content and emphasis designed to fit your different needs

High Training Quality – Our consultants and trainers are highly experienced and qualified. As reflective practitioners, training methods and activities are constantly reviewed while maintaining a pedagogy approach.

A sample of training areas available

Health & Safety - CIEH Health & Safety Certificate & the Appointed Person's First Aid Certificate from only £80 + Vat per delegate saving you £250**.
